

LOGO USAGE

LOGO VARIATIONS

Brand logo is used when communicating about the main brand.
The logo is used in both black and white colors.

LOGO SAFE AREA

Logo's safe area is half the height of the logo. Don't place other graphical elements, text, or disturbing photographic elements inside this area.

LOGO USAGE

Brand's logo is used when communicating about the main brand. Primary logo can appear as black or white. Only use the logos found from the Slush logo kit and DO NOT modify them.

If you are using a picture as the background, make sure there is enough contrast and the picture is plain enough so the logo is clearly visible.
